

Our main theme for this term will be

Weather

Some of the activities taking place in Nursery will include:

- Exploring different types of weather we experience in this country and around the world, from snow and ice to tropical sunshine!
- Creating large weather collages, using colours we associate with different types of weather.
- Conducting experiments and investigations e.g. How long does ice take to melt? What happens to puddles?
- Going on weather walks around the school grounds and observing the changing of the seasons.
- Exploring the diggery and growing plants to put in the Nursery garden.
- Celebrating Chinese New Year (23rd January). It is the year of the Dragon, so be prepared for dragon dances and pictures!
- Creating pictures, making marks and creating models linked to children's interests and experiences.
- Learning songs and dances relating to our Weather theme.
- We shall be joining the school in Consideration Week, where we will be looking at what it means to be considerate to others.
- Gold Cup Week sees the Nursery take part in their own Berky Gold Cup event, more details to follow!
